REVOCABILITY OF PROXY

A person giving a proxy has the power to revoke it at any time before it is voted, upon written notice to the Corporate Secretary of the Company.

DISSENTERS' RIGHT OF APPRAISAL

Any stockholder of the Corporation may exercise his appraisal right against the proposed actions which may qualify as instances giving rise to the exercise of such right pursuant to and subject to the compliance with the requirements and procedure set forth under Title X of the Corporation Code of the Philippines.

In order to avail of the appraisal right, a stockholder must have voted against the proposed corporate action. The appraisal right may be exercised by making a written demand on the Company within thirty (30) days after the date on which the vote was taken for payment of the fair value of his shares. Failure to make the demand within such period shall be deemed a waiver of the appraisal right. If the proposed corporate action is implemented or affected, the Company shall pay to such stockholder, upon surrender of the certificate or certificates of stock representing his shares, the fair value thereof as of the day prior to the date on which the vote was taken, excluding any appreciation or depreciation in anticipation of such corporate action. If within a period of sixty (60) days from the date the corporate action was approved by the stockholders, the withdrawing stockholder and the Company cannot agree on the fair value of the shares, it shall be determined and appraised by three (3) disinterested persons, one of whom shall be named by the stockholder, another by the Company, and the third by the two thus chosen. The findings of the majority of the appraisers shall be final, and their award shall be paid by the Company within thirty (30) days after such award is made: Provided, That no payment shall be made to any dissenting stockholder unless the Company has unrestricted retained earnings in its books to cover such payment; and Provided, further, That upon payment by the Company of the agreed or awarded price, the stockholder shall forthwith transfer his shares to the Company. All other requirements and procedure set forth under Title X of the Corporation Code shall be complied with.

There are no matters or proposed corporate actions which may give rise to a possible exercise by security holders of their appraisal rights under Title X of the Corporation Code of the Philippines.

Year 2017

Total assets of the Fund increased to Php241.15 million as of December 31, 2017 from Php218.06 million of previous year, an increase of 10.59% (Php23.09 million). The positive variance is due to increase in market value of investment in financial assets amounting to Php15.53 million and Php7.56 million increase in cash and receivables. Deducting liabilities of Php2.22 million, net assets are valued at Php238.93 million, it went up by Php22.55 million compared to P216.38 million of the same period of last year. This posted net asset value per share (NAVPS) of Php4.7628 and Php4.3131 in 2017 and 2016, respectively.

The Fund incurred gross investment income amounting to Php27.69 million, an increase of 7,971.49% from gross investment income of Php0.34 million as of end of 2016. Total net trading gain of Php24.43 million were derived from the financial assets of the Fund. Dividend income earned from equity investments amounted to Php3.23 million and interest income from deposits at Php0.03 million. Deducting total operating expenses incurred during the year amounting to Php5.13 million, thus resulting to net investment income of Php22.56 million for the year ended 2017.

As of December 31, 2017, investment in Unit Investment and Trust Fund accounts represents 34.35% of total assets, leaving investment in equity at 60.34% and liquid assets at 5.31% of total company resources.

Year 2016

Total assets as of end of 2016 amounted to Php218.06 Million, a decrease of 2.52% (Php5.64 Million in absolute terms) versus Php223.70 Million as of the end of 2015. This is mainly attributed to the decrease in investment in financial assets amounting to Php7.37 Million with an increase in cash amounting to Php1.75 Million and Php0.02 Million decrease in receivables. Deducting liabilities of Php1.68 Million, net assets are valued at Php218.06 Million, down by Php5.64 Million compared to the same period of last year. This posted a net asset value per share (NAVPS) of Php4.3131 and Php4.4230 in 2016 and 2015, respectively.

The Fund incurred gross investment income amounted to Php0.34 Million, an increase of 103.79% from gross investment loss of Php9.06 Million as of end of 2015. Total net trading loss of Php3.66 Million were derived from the equity and unit investment trust funds and a total of Php3.98 Million derived from dividend income on equity holdings and earning interest income from deposits amounting to Php0.02 Million. Total operating expenses incurred including local tax amounted to Php5.85 Million thus resulting to net investment loss of Php5.51 Million for the year ended 2016.

As of December 31, 2016, investment in Unit Investment and Trust Fund accounts for 37.33% of total assets, leaving investment in equity at 60.26% and other assets at 2.41% of total company resources.

Year 2015

Total assets as of end of 2015 amounted to Php223.70 Million, a decrease of 8.34% (Php20.35 Million in absolute terms) versus Php244.05 Million as of the end of 2014. The negative variance is mainly explained by a decrease in investment in financial assets wherein equity securities decreased due to market valuation amounting to Php5.30 Million while investment in Unit Investment Trust Fund (UITF) was down by Php14.46 Million. Total receivables decreased by Php2.02 Million as cash increased by Php1.96 Million and other assets decreased amounting to Php0.53 Million. Deducting liabilities of Php1.81 Million, net assets are valued at Php221.89 Million, down by Php14.58 Million compared to the same period of last year. This posted a net asset value per share (NAVPS) of Php4.423 and Php4.714 for the year ended 2015 and 2014, respectively.

The Fund incurred gross investment loss amounting to Php9.06 Million, a decrease of 384.47% from

gross investment income of Php25.76 Million as of end of 2014. Total net trading loss of Php13.37 Million was derived from the equity securities. Total interest income from short-term bank placements amounted to Php0.02 Million and a total of Php4.29 Million derived from dividend income on equity holdings. Total operating expenses incurred amounted to Php5.52 Million thus resulting to net investment loss of Php14.58 Million for the year ended 2015.

DISCUSSION ON COMPLIANCE WITH LEADING PRACTICE ON CORPORATE GOVERNANCE

FFI has adopted a Manual of Corporate Governance ever since the SEC has mandated this requirement. The said Manual was amended on September 30, 2010 and was further supplemented on March 21, 2011 in compliance with the directive of the Securities and Exchange Commission. FFI has also adopted an Anti-Money Laundering Operating Manual on September 30, 2010. On 24 September 2012, FFI has approved the Charter for its Audit Committee pursuant to the SEC Memorandum Circular No. 4, series of 2012.

On December 17, 2014, FFI approved the changes in the Third Amended Manual on Corporate Governance pursuant to SEC Memorandum Circular No. 9, Series of 2014. On April 7, 2017, FFI has approved its Fourth Amended Manual on Corporate Governance in accordance with SEC Memorandum Circular No. 19 Series of 2016.

FFI has also adopted the following policies on August 31, 2017:

1. Charter of the Board of Directors
2. Code of Business Conduct and Ethics
3. Nomination Committee Charter
4. Anti-Corruption and Bribery Policy
5. Whistle Blowing Policy
6. Data Privacy Policy (pursuant to the Data Privacy Act of 2012)

Since FFI has no employees, its Fund Manager, AB Capital & Investment Corporation ("ABCIC"), through its Compliance Officer, continually monitors the actions of, and ensures the compliance by, ABCIC employees responsible for the management of FFI.

No deviations from the Manuals of FFI on Corporate Governance and Anti-Money Laundering have been observed.

The Fund Manager, ABCIC, through its Compliance Officer, is continually updated with the latest provisions of corporate governance and will suggest any relevant additions or deletions to management.

PART III. SOLICITATION INFORMATION

PERSONS MAKING THE SOLICITATION

Filipino Fund, Inc. will bear all the cost of solicitation of proxies. The statement of proxy is delivered through first class mailing services. Following the mailing of proxy soliciting materials, solicitation of proxies shall be primarily performed by the Company. Proxies may, however, be also solicited by directors, officers and regular employees of the Company in person, by telephone or by other electronic means. The solicitation is done on behalf of management. The Company will also reimburse persons holding stock for others in their names or in those of their nominees for their reasonable expenses in sending proxy material to their principals and obtaining their proxies. A total of PHP500,000.00 is allocated for the printing and mailing of these statements.

No Director has informed the Company of his opposition to any matter to be acted upon during the shareholders' meeting.

INTEREST OF CERTAIN PERSONS IN OR OPPOSITION TO MATTERS TO BE ACTED UPON

1. Directors or officers of the Corporation at any time since the beginning of the last fiscal year;
2. Nominees for election as directors of the Corporation;
3. Associate of any of the foregoing persons.

None of the directors indicated verbally or in writing that they intend to oppose any action to be taken at the meeting.

PART IV. CONTROL AND COMPENSATION INFORMATION

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Total Outstanding Shares/Voting Shares	:	50,167,397
Number of Votes Entitled	:	one (1) vote per share

All stockholders of record as of April 12, 2018 are entitled to notice and to vote at the Annual Stockholders' Meeting

MANNER OF VOTING

The holders of common stock are entitled to one vote per share, but in connection with the cumulative voting feature applicable to the election of directors, each stockholder is entitled to as many votes as shall equal the number of shares held by such person at the close of business on the record date, multiplied by the number of directors to be elected. A stockholder may cast all of such votes for a single nominee or may apportion such votes among any two or more nominees. For example, when seven (7) directors are to be elected, holder of 100 shares may cast 700 votes for a single nominee, apportion 350 votes each to two nominees, or apportion 700 votes in any other manner by so noting in the space provided on the accompanying form of proxy. Except to the extent that a stockholder withholds votes from any or all nominees, the persons named in the accompanying form of proxy, in their sole discretion, will vote such proxy for, and, if necessary, exercise cumulative voting rights to secure the election of the nominees listed as

directors of the Company.

In the event that any of the nominees becomes unavailable, which the Company does not expect, it is intended that, pursuant to the accompanying proxy, votes will be cast for such substitute nominee or nominees as may be designated by the Board of Directors, unless the Board of Directors reduces the number of directors.

The three (3) Independent Directors (i.e., Messrs. Villegas, Go, and Tan) were nominated by a shareholder of the Company, Vicsal Development Corporation ("VDC"). Attached to this Information Sheet is the Certification of Independent Directors. None of the independent directors are related to VDC.

The Nomination Committee pre-screened the qualifications of the nominees and prepared the List of Candidates for election to the Board of Directors. Only after this process does the Committee formalizes the nomination to the Board of Directors, particularly for the Independent Directors.

The following Directors comprise the Nomination Committee for the fiscal year 2017-2018:

Frank S. Gaisano – Chairman
Margaret G. Ang – Member
Edward S. Go (Independent Director) – Member

They do not have familial or business relationships with the Directors that they nominated to the Board.

Additional Information required under Annex C of SRC Rule 12:

- ☐ The incorporators of the FFI are Mr. Fernando Zobel de Ayala, Mr. Luciano E. Salazar, Mr. Felipe A. Eñage, Mr. Mauro B. Bardon, Jr. and Mr. Eduardo U. Miranda.
- ☐ Messrs. Bernardo M. Villegas, Edward S. Go and John G. Tan are the independent directors of the Fund. An independent director is a person not having any relationship or position in the Fund, or in parties related to the Fund, the holding of which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, in compliance with Section 38 of the Securities Regulation Code.
- ☐ Each Director shall serve for a term of 1 year from his appointment and until his successor has been duly elected and qualified, provided, however, that any director may be removed from office at any time with or without cause by a 3/4th vote of the subscribed capital stock entitled to vote.
- ☐ Incumbent directors Frank S. Gaisano and Ms. Margaret G. Ang are siblings.
- ☐ No member of the Board of FFI has been the subject of any legal/criminal proceedings, which include, but not limited to, bankruptcy petition, conviction by final judgment, any Court Order, Judgment or Decree, violation of a Securities or Commodities Law, for the past five years.
- ☐ FFI has no material pending legal proceedings to which it is a party or of which any of its property is the subject. FFI has no subsidiaries. FFI is not aware of any such proceedings known to be contemplated by government authorities and any other entity.

SIGNIFICANT EMPLOYEES

FFI does not have employees of its own since management of the Fund, which include its administrative operations, is already being handled by its fund manager, ABCIC.

The Company does not have executive officers who are receiving compensation income. The President, Treasurer, and Corporate Secretary of the Company, who are also directors, do not receive any compensation other than per diems for attendance at meetings, nor they receive any bonus or other forms of compensation from the Company.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

SUMMARY COMPENSATION TABLE

Annual Compensation

Name and Principal position	Year	Compensation (P) (per diem)	Bonus (P)	Other Annual Compensation
All Directors and Officers of FFI	2018	* 911,764.56	None	None
	2017	441,176.00	None	None
	2016	441,176.00	None	None

* Estimated compensation for 2018

Each Director and Officer is paid the amount of PhP 29,411.76, on the average, for every attendance in any meeting. Estimated aggregate directors' and officers' fee for the year 2018 is PhP911,764.56.

There is no Compensation Committee, and as such, any adjustment in the compensation of all Directors and Officers is determined by the Board of Directors, and is taken up in the Annual Stockholders' Meeting and voted upon by the shareholders.

There are no other standard or consulting arrangements or any compensatory plans relating to resignation/retirement by which directors and officers are to be compensated other than that previously stated.

INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors has re-appointed Sycip Gorres, Velayo & Co. (SGV & Co.) as the independent public accountants of the Company with respect to its operations for the year 2017, subject to ratification by the majority holders of common stock of the Company. In taking this action, the members of the Board of Directors considered carefully SGV & Co.'s performance, its independence with respect to the services to be performed and its general reputation for adherence to professional auditing standards. In compliance with the required 5-year rotation of external auditor, a new partner, Ms. Janet A. Paraiso, from SGV and Co. was assigned to conduct the audit on the Company's financial statements starting from the calendar year ended 2016. This Representative of the firm will be present at the Annual Meeting to make a statement of the desire to do so and to answer appropriate questions that may be asked by stockholders.

There are no disagreements with the external auditors on the accounting and financial disclosures of the Company for the fiscal year covered by this report.

A proposal will be presented at the Annual Meeting for the ratification of this re-appointment, which the Board of Directors believes is advisable and in the best interest of the stockholders. If the appointment of Sycip Gorres Velayo & Co. is not ratified, the matter of the appointment of the independent public accountants

will be considered by the Board of Directors.

The following Directors comprise the Audit Committee for the fiscal year 2017-2018:

Edward S. Go (Independent Director)	-	Chairman
Margaret G. Ang	-	Member
Bernardo M. Villegas (Independent Director)	-	Member

EXTERNAL AUDIT FEES

Audit fees for fiscal years 2016 and 2017 remain the same at PhP318,625.00 per year, exclusive of VAT and out of pocket expenses. The Company did not avail of other services from the external auditor for 2016 and 2017.

The audit committee approves any engagement for the services of the external auditor. After reviewing the need for the services of the auditor, the audit committee reviews the engagement proposal submitted. The committee then agrees on the fees to be charged by the external auditors.

PART V. OTHER MATTERS

Action with Respect to Reports

The approval of the following will be considered and acted upon at the meeting:

**FILIPINO FUND, INC.
STATEMENT OF MANAGEMENT'S RESPONSIBILITY
FOR FINANCIAL STATEMENTS**

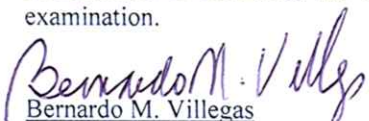

The management of Filipino Fund, Inc. (the Fund) is responsible for the preparation and fair presentation of the financial statements, including the schedules attached therein, as December 31, 2017 and 2016 and for the years ended December 31, 2017, 2016 and 2015, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

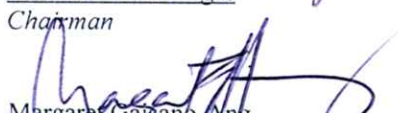

In preparing the financial statements, management is responsible for the assessing the Fund's ability to continue as a going concern, disclosing, as applicable manners related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

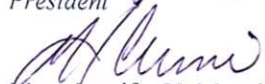

The Board of Directors (BOD) is responsible for overseeing the Fund's financial reporting process.

The Board of Directors (BOD) reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders or members.

SyCip, Gorres, Velayo & Co., the independent auditors, appointed by the stockholders, has audited the financial statements of the Fund in accordance with Philippine Standards on Auditing (PSA), and in its report to the stockholders or members, has expressed its opinion on the fairness of presentation upon completion of such examination.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Filipino Fund, Inc. (the Fund), which comprise the statements of financial position as at December 31, 2017 and 2016, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for each of the three years in the period ended December 31, 2017, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at December 31, 2017 and 2016, and its financial performance and its cash flows for each of the three years in the period ended December 31, 2017 in accordance with Philippine Financial Reporting Standards (PFRSs).

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. We have determined that there are no key audit matters to report.

APR 12 2018

Other Information

Management is responsible for the other information. The other information comprises the information included in the Securities and Exchange Commission (SEC) Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2017, but does not include the financial statements and our auditor's report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2017 are expected to be made available to us after the date of this auditor's report

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

APR 12 2018

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

APR 12 2018

Report on the Supplementary Information Required Under Revenue Regulations 15-2010

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under Revenue Regulations 15-2010 in Note 22 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management of the Fund. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The engagement partner on the audit resulting in this independent auditor's report is Janet A. Paraiso.

FILIPINO FUND, INC.

NOTES TO FINANCIAL STATEMENTS

1. Corporate Information

Filipino Fund, Inc. (the Fund) was incorporated in the Philippines on May 9, 1991 primarily to establish and carry on the business of a closed-end investment company. On March 28, 1995, the Fund was registered with the Securities and Exchange Commission (SEC) under the Investment Company Act of 1960, or Republic Act (R.A.) No. 2629, and the Revised Securities Act, also known as Batas Pambansa Blg. 178.

Up to June 2017, the Fund's investment manager and administrator is Vicsal Investment, Inc. (VII), a corporation registered with the SEC primarily to engage in business as an investment house. Effective July 2017, the Fund's investment manager is AB Capital and Investment Corporation (ABCIC), a corporation registered with SEC, licensed to deal and trade in equity and debt securities and other financial instruments traded in the Philippine Stock Exchange (PSE).

The Fund's principal place of business is at Units 1009-1011, Tower One & Exchange Plaza, Ayala Triangle, Ayala Avenue, Makati City.

The Fund's ultimate parent company is Vicsal Development Corporation (VDC), a corporation duly organized in the Philippines to engage in buying, selling, distributing and marketing at wholesale and retail in so far as may be permitted by law all kinds of goods, commodities and merchandise of every kind.

2. Summary of Significant Accounting Policies

Basis of Preparation

The Fund's financial statements have been prepared on a cost basis except for financial assets at fair value through profit or loss (FVPL) which have been measured at fair value. The financial statements are presented in Philippine peso, which is the Fund's functional currency. All values are rounded to the nearest peso except when otherwise indicated.

Statement of Compliance

The financial statements of the Fund have been prepared in compliance with Philippine Financial Reporting Standards (PFRS).

Changes in Accounting Policies and Disclosures

The Fund applied for the first time certain pronouncements, which are effective for annual periods beginning on or after January 1, 2017.

- Amendments to PFRS 12, *Disclosure of Interests in Other Entities, Clarification of the Scope of the Standard* (Part of *Annual Improvements to PFRSs 2014 - 2016 Cycle*)
The amendments clarify that the disclosure requirements in PFRS 12, other than those relating to summarized financial information, apply to an entity's interest in a subsidiary, a joint venture or an associate (or a portion of its interest in a joint venture or an associate) that is classified (or included in a disposal group that is classified) as held for sale.

Adoption of these amendments did not have any impact on the Fund's financial statements.

- *Amendments to PAS 7, Statement of Cash Flows, Disclosure Initiative*
The amendments require entities to provide disclosure of changes in their liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes (such as foreign exchange gains or losses).

Adoption of these amendments did not have any impact on the Fund's financial position, performance or disclosures as the Fund does not have liabilities arising from financing activities.

- *Amendments to PAS 12, Income Taxes, Recognition of Deferred Tax Assets for Unrealized Losses*
The amendments clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions upon the reversal of the deductible temporary difference related to unrealized losses. Furthermore, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount.

Adoption of these amendments did not have any impact on the Fund's financial position, performance or disclosures as the Fund has no deductible temporary differences or assets that are in scope of the amendments.

New standards and interpretations that have been issued but not yet effective

Pronouncements issued but not yet effective are listed below. Unless otherwise indicated, the Fund does not expect that the future adoption of the said pronouncements will have a significant impact on its financial statements. The Fund intends to adopt the following pronouncements when they become effective.

Effective beginning on or after January 1, 2018

- *PFRS 9, Financial Instruments*
PFRS 9 reflects all phases of the financial instruments project and replaces PAS 39, Financial Instruments: Recognition and Measurement, and all previous versions of PFRS 9.

The standard introduces new requirements for classification and measurement, impairment, and hedge accounting. Retrospective application is required but providing comparative information is not compulsory. For hedge accounting, the requirements are generally applied prospectively, with some limited exceptions.

The adoption of PFRS 9 is not expected to have an effect on the classification and measurement of the Fund's financial assets and financial liabilities but will have an impact on the impairment of the fund's financial assets other than those classified as fair value through profit and loss.

- *PFRS 15, Revenue from Contracts with Customers*
PFRS 15 establishes a new five-step model that will apply to revenue arising from contracts with customers. Under PFRS 15, revenue is recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The principles in PFRS 15 provide a more structured approach to measuring and recognizing revenue.

The new revenue standard is applicable to all entities and will supersede all current revenue recognition requirements under PFRSs. Either a full retrospective application or a modified retrospective application is required. The Fund plans to adopt the new standard on the required effective date.

The adoption of PFRS 15 is not expected to have a significant impact on the Fund's financial statements.

- Amendments to PFRS 2, *Share-based Payment, Classification and Measurement of Share-based Payment Transactions*
- Amendments to PAS 28, *Measuring an Associate or Joint Venture at Fair Value* (Part of Annual Improvements to PFRSs 2014 - 2016 Cycle)
- Amendments to PAS 40, *Investment Property, Transfers of Investment Property*
- Philippine Interpretation IFRIC-22, *Foreign Currency Transactions and Advance Consideration*
- Amendments to PFRS 4, *Insurance Contracts, Applying PFRS 9, Financial Instruments, with PFRS 4*

Effective beginning on or after January 1, 2019

- PFRS 16, *Leases*
- Amendments to PAS 28, *Long-term Interests in Associates and Joint Ventures*
- Philippine Interpretation IFRIC-23, *Uncertainty over Income Tax Treatments*
- Amendments to PFRS 9, *Prepayment Features with Negative Compensation*

Deferred effectivity

- Amendments to PFRS 10 and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

Significant Accounting Policies

Cash and Cash Equivalents

Cash and cash equivalents include cash in banks and short-term, highly liquid investments that are readily convertible to known amounts of cash with original maturities of three months or less from the dates of placement and that are subject to an insignificant risk of changes in value.

Financial Instruments

Date of recognition

The Fund recognizes a financial asset and financial liability in the statement of financial position when it becomes a party to the contractual provisions of the instrument. Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace are recognized on the transaction date. Securities are recognized on trade date.

Initial recognition of financial instruments

All financial instruments are initially recognized at fair value. Except for financial assets and financial liabilities at FVPL, the initial measurement of financial assets and financial liabilities includes transaction costs. The Fund classifies its financial assets in the following categories: financial assets at FVPL, available-for-sale (AFS) investments, held-to-maturity (HTM) investments and loans and receivables. Financial liabilities, on the other hand, are classified as financial liabilities at FVPL and financial liabilities carried at amortized cost. The classification depends on the purpose

for which the financial instruments were acquired and whether they are quoted in an active market, and for HTM investments, the ability and intention to hold the investments until maturity. Management determines the classification of its investments at initial recognition and, where allowed and appropriate, re-evaluates such designation at every reporting date.

The financial instruments of the Fund consist of cash in bank, financial assets at FVPL, receivables and accounts payable and accrued expenses.

As of December 31, 2017 and 2016, the Fund has no HTM investments, AFS investments and financial liabilities at FVPL.

Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Fund. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described in Note 5, based on the lowest level input that is significant to the fair value measurement as a whole.

For financial instruments that are recognized at fair value on a recurring basis, the Fund determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

'Day 1' difference

Where the transaction price in a non-active market is different from the fair value from other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from an observable market, the Fund recognizes the difference between the transaction price and fair value (a 'Day 1' difference) in the statement of comprehensive income unless it qualifies for recognition as some other type of asset. In cases where non-market observable data is used, the difference between the transaction price and model value is only recognized in the statement of comprehensive income when the inputs become observable or when the instrument is derecognized. For each transaction, the Fund determines the appropriate method of recognizing the 'Day 1' difference amount.

Financial assets at FVPL

This category consists of financial assets that are held for trading. Financial assets held for trading are recorded in the statement of financial position at fair value with changes in fair value recorded under 'Trading gains (losses)' in the statement of comprehensive income. Dividends earned are recorded as 'Dividend income' in the statement of comprehensive income.

Receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are not entered into with the intention of immediate or short-term resale and are not classified as financial assets at FVPL, HTM investments or AFS investments.

Receivables are stated at outstanding balance less any allowance for credit losses. Any losses arising from impairment are recognized in the statement of comprehensive income.

Other financial liabilities

This accounting policy relates to the statement of financial position caption 'Accounts Payable and accrued expenses' which is not designated at FVPL but classified as other financial liabilities, where the substance of the contractual arrangement results in the Fund having an obligation either to deliver cash or another financial asset to the holder, or to satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares. After initial measurement, accounts payable and accrued expenses are subsequently measured at amortized cost.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to set off the recognized amounts and there is intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. The Fund assesses that it has a currently enforceable right of offset if the right is not contingent on a future event, and is legally enforceable in the normal course of business, event of default, and event of insolvency or bankruptcy of the Fund and all of the counterparties.

Derecognition of Financial Assets and Liabilities

Financial asset

A financial asset (or where applicable a part of a financial asset or part of a group of financial assets) is derecognized when:

- a) The rights to receive cash flows from the asset have expired; or
- b) The Fund retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a 'pass-through' arrangement; or
- c) The Fund has transferred its rights to receive cash flows from the asset either (a) the Fund has transferred substantially all the risks and rewards of the asset, or (b) the Fund has neither transferred nor retained the risks and rewards of the asset, but has transferred the control of the asset.

Where the Fund has transferred its rights to receive cash flows from an asset or has entered into a 'pass-through' arrangement, and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control over the asset, the asset is recognized to the extent of the Fund's continuing involvement in the asset.

Financial liability

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired.

Impairment of Financial Assets

The Fund assesses, at each reporting date, whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss

event/s has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated. Evidence of impairment may include indications that the borrower or a group of borrowers is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

For receivables carried at amortized cost, the Fund assesses whether objective evidence of impairment exists. If there is objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted using the asset's original effective interest rate (EIR) (excluding future impairment losses that have not been incurred).

The carrying amount of the asset is reduced through the use of an allowance account and the amount of loss is charged against the statement of comprehensive income. If, in a subsequent year, the amount of the estimated impairment loss decreases because of an event occurring after the impairment was recognized, the previously recognized impairment loss is reduced by adjusting the allowance account. If a future write-off is later recovered, any amounts formerly charged are credited against 'Provision for impairment losses' in the statement of comprehensive income.

Impairment of Non-financial Assets

At each reporting date, the Fund assesses whether there is any indication that its non-financial assets may be impaired. When an indicator of impairment exists or when an annual impairment testing for an asset is required, the Fund makes a formal estimate of recoverable amount.

Recoverable amount is the higher of an asset's (or cash-generating unit) fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is assessed as part of the cash-generating unit to which it belongs. Where the carrying amount of an asset (or cash-generating unit) exceeds its recoverable amount, the asset (or cash-generating unit) is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or cash-generating unit). An impairment loss is charged to operations in the year in which it arises.

Revenue Recognition

Revenue is recognized to the extent that it is probable that economic benefits will flow to the Fund and the revenue can be reliably measured. The Fund assesses its revenue arrangement against specific criteria in order to determine if it is acting as principal or agent. The Fund has concluded that it is acting as a principal in all its revenue arrangements. The following specific recognition criteria must also be met before revenue is recognized:

Trading gains (losses)

Trading gain (loss) represents results arising from trading activities, including all gains and losses from changes in the fair values of financial assets held for trading.

Unrealized gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period's unrealized gains and losses for financial instruments which were realized in the reporting period.

Realized gains and losses on disposals of financial instruments at FVPL are calculated using weighted average method. Realized gains and losses represent the difference between an instrument's initial carrying amount and disposal amount.

Interest income

Interest income is recognized in the statement of comprehensive income as it accrues, taking into consideration the effective yield of the asset.

Dividend income

Dividend income is recognized when the Fund's right to receive payment is established.

Expense Recognition

Expenses are recognized when it is probable that a decrease in future economic benefits related to a decrease in an asset or an increase in liability has occurred and the decrease in economic benefits can be measured reliably.

Management Fees

Management fees are being charged to the Fund as a percentage of its net asset value and are recognized based on the accrual method of accounting.

Income Taxes

Income tax on profit or loss for the year comprises current and deferred tax. Income tax is determined in accordance with Philippine tax laws. Income tax is recognized in profit or loss, except to the extent that it is related to OCI items recognized directly in the statement of comprehensive income.

Current taxes

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that have been enacted or substantively enacted as at reporting date. Current tax relating to items recognized directly in equity is recognized in equity and not in profit or loss.

Deferred tax

Deferred tax is provided using the balance sheet liability method on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, with few exceptions. Deferred tax assets are recognized for all deductible temporary differences, carryforward benefits of unused tax credits from excess minimum corporate income tax (MCIT) over regular corporate income tax (RCIT) and unused net operating loss carryover (NOLCO), to the extent that it is probable that taxable income will be available against which the deductible temporary differences and carryforward benefits of unused tax credits and unused NOLCO can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the deferred tax assets to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rate applicable to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Equity

Capital stock is measured at par value for all shares issued. When the shares are sold at a premium, the difference between the proceeds and the par value is credited to the 'Additional paid-in capital' account in the statement of financial position.

Retained Earnings

Retained earnings represent the accumulated income of the Fund less dividends to stockholders.

Treasury Shares

Own equity instruments which are reacquired (treasury shares) are recognized at cost and deducted from equity. No gain or loss is recognized in the statement of comprehensive income on the purchase, sale, issue or cancellation of the Fund's own equity instruments. Any difference between the carrying amount and the consideration is recognized in equity.

Net Asset Value (NAV) Per Share

NAV per share is computed by dividing net assets (total assets less total liabilities) by the total number of shares issued and outstanding as at the reporting date.

Earnings Per Share (EPS)

Basic EPS is calculated by dividing net investment income by the weighted average number of shares outstanding during the period after giving retroactive effect to stock dividends declared and stock rights exercised during the period, if any. The Fund does not have dilutive potential common shares as of December 31, 2017 and 2016.

Dividend Distribution

Dividend distributions are at the discretion of the Fund. A dividend distribution to the Fund's shareholders is accounted for as a deduction from retained earnings. A proposed cash dividend is recognized as a liability in the period in which it is approved by the Fund's board of directors (BOD). A proposed stock dividend is recognized as an addition to capital stock.

Segment Reporting

For management purposes, the Fund is organized into one main operating segment, which invests in equity securities. All of the Fund's activities are interrelated and interdependent. Accordingly, all significant operating decisions are based upon the analysis of the Fund as one segment. The financial results from this segment are equivalent to the financial statements of the Fund as a whole.

Provisions

Provisions are recognized when the Fund has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

Contingencies

Contingent liabilities are not recognized in the financial statements but are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements but disclosed when an inflow of economic benefits is probable.

Events after the Reporting Date

Any post year-end events up to the date of approval of the BOD of the financial statements that provide additional information about the Fund's position at the reporting date (adjusting events) are reflected in the financial statements. Post statement of financial position date events that are not adjusting events, if any, are disclosed when material to the financial statements.

3. Significant Accounting Estimates and Judgments

The preparation of the financial statements in compliance with PFRS requires the Fund to make use of estimates, assumptions and judgments that affect the reported amounts of assets, liabilities, income and expenses and the disclosures of contingent assets and liabilities, if any. Future events may occur which can cause the assumptions used in arriving at the estimates to change. The effects of any change in estimates are reflected in the financial statements as they become reasonably determinable.

Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Judgments

The Fund does not have significant accounting judgments which have the most significant effect on the amounts recognized in the financial statements.

Estimates

Recognition of deferred tax assets

Deferred tax assets are recognized for all unused tax losses and unused tax credits to the extent that it is probable that sufficient future taxable profit will be available against which the deferred tax assets can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and level of future taxable profits together with future tax planning strategies.

Historically, the Fund has been in a tax loss position. Management believes that the Fund will continue to be in a tax loss position as the items comprising the Fund's investment income are either tax-exempt or subject to final tax. As of December 31, 2017 and 2016, the Fund did not recognize deferred tax asset amounting to ₱4.36 million and ₱4.68 million, respectively, on NOLCO and MCIT as management believes that the benefit from such asset will not be realized prior to its expiry (see Note 17).

4. Financial Risk Management Objectives and Policies

Governance Framework

The Fund has established a risk management function with clear terms of reference and with the responsibility for developing policies on market, credit, liquidity and operational risks. It also supports the effective implementation of the Fund's risk management policies.

The policies define the Fund's identification of risks and its interpretation to ensure the appropriate quality and diversification of assets to the corporate goals and specify reporting requirements.

Risk Management Framework

The Fund's risk management personnel have developed and implemented certain minimum stress and scenario tests for identifying the risks to which the Fund is exposed, quantifying their impact on the volatility of economic capital. The results of these tests, particularly the anticipated impact on the statement of financial position and statement of comprehensive income, are reported to the Fund's management.

Management then considers the aggregate impact of the overall capital requirement revealed by the stress test to assess how much capital is needed to mitigate the risk of insolvency to a selected remote level.

The Fund's objective is to achieve medium-term capital growth through investing in a selection of investment securities. The Fund seeks to provide a high level of current income, consistent with the preservation of capital and liquidity by observing regulatory guidelines and applying risk-mitigating controls.

All investment securities present a risk of loss of capital. The Investment Manager manages this risk through a careful selection of equity and debt securities within specified limits. The Fund's overall market positions are monitored on a daily basis by the Fund's Investment Manager and are reviewed on a quarterly basis.

Regulatory Framework

The operations of the Fund are subject to the regulatory requirements of the SEC and BIR. Such regulations not only prescribe approval and monitoring of activities but also impose certain restrictive provisions (e.g., investment portfolios, capital requirements, etc.).

Financial Risk

The Fund is exposed to financial risk through its holdings of financial assets and financial liabilities. The most significant components of this financial risk are credit risk, liquidity risk and market risk.

The risk that the Fund primarily faces due to the nature of its investments is equity price risk which is part of market risk.

Credit Risk

Credit risk is the risk of financial loss to the Fund if the counterparty to a financial instrument fails to meet its contractual obligations.

The Fund invests in short-term deposits in banks wherein the risk of default is considered minimal.

Maximum exposure to credit risk before collateral held or other credit enhancements

The carrying values of the Fund's financial assets, as reflected in the statements of financial position and related notes, represent the financial assets' maximum exposure to credit risk.

As of December 31, 2017 and 2016, the Fund does not hold collateral on its financial assets.

Concentration of credit risk

The Fund monitors concentration of credit risk by industry. An analysis of concentrations of credit risk at the reporting date is shown below:

	2017		
	Cash and cash equivalents	Receivables	Total
Corporate:			
Financials	₱12,197,259	₱9,403	₱12,206,662
SME	—	576,063	576,063
Holding firms	—	22,836	22,836
Total	₱12,197,259	₱608,302	₱12,805,561

	2016		
	Cash and cash equivalents	Receivables	Total
Corporate:			
Financials	₱5,220,953	₱7,860	₱5,228,813
Holding firms	—	19,008	19,008
Total	₱5,220,953	₱26,868	₱5,247,821

As of December 31, 2017 and 2016, the Fund has no impaired receivables.

The Fund adopted the internal credit rating process of its investment manager in assessing the credit quality of the Fund's investments.

Cash in bank and receivables are considered high grade since this is a low risk investment and where counterparties had no default in payments as of December 31, 2017 and 2016.

Liquidity Risk

Liquidity or funding risk is the risk that the Fund will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result either from the inability to sell financial assets quickly at their fair values; the counterparty failing on repayment of a contractual obligation; or the inability to generate cash inflows as anticipated.

The Fund's liquidity risk is managed by holding sufficient amounts of liquid assets and assets with appropriate credit quality to ensure that short-term funding requirements are met. As part of the Fund's risk management, cash in bank is available on demand, receivables are collected monthly and financial assets at FVPL can be readily disposed of whenever the need for funding arises. The Fund's total financial liabilities mature within three months and are noninterest-bearing in nature.

Market Risk

Market risk is the risk of change in the fair value of financial instruments from fluctuations in market interest rates (fair value interest rate risk) and market prices (equity price risk), whether such change in the price is caused by factors specific to the individual instrument or its issuer or factors affecting all instruments traded in the market.

The Fund's market risk policy requires it to manage such risks by setting and monitoring objectives and constraints on investment, diversification plan and limits on investments.

The Fund structures the levels of market risk it accepts through a market risk policy that determines what constitutes market risk for the Fund; the basis used to determine the fair value of financial assets and liabilities; the asset allocation and duration limit based on the Fund's chosen benchmark; diversification benchmarks by type of instrument; the net exposure limits by each counterparty or group of counterparties and industry segments; reporting of market risk exposures and breaches to the monitoring authority; monitoring of compliance with market risk policy and review of market risk policy for pertinence and changing environment.

Equity price risk

The Fund's equity price risk emanates from its securities in proprietary accounts which are financial instruments classified as financial assets at FVPL. The Fund measures the sensitivity of its quoted equity securities through fluctuations in Philippine Stock Exchange index (PSEi).

The following tables set forth the impact of changes in the PSEi on the Fund's unrealized trading gains or losses on its quoted equity securities as of December 31, 2017 and 2016.

Changes in PSEi	2017	
	14.00%	(14.00%)
Change in equity under:		
Holding firms	₱5,590,115	(₱5,590,115)

Services	772,240	(772,240)
Total	₱18,692,350	(₱18,692,350)
As a percentage of the Fund's unrealized trading gains (losses)	79.17%	(79.17%)

Changes in PSEi	2016	
	11.09%	(11.09%)
Change in equity under:		
Holding firms	₱3,616,639	(₱3,616,639)
Financials	2,175,629	(2,175,629)
Property	1,938,068	(1,938,068)
Industrial	1,890,429	(1,890,429)

Services	1,659,665	(1,659,665)
Small and medium-sized enterprises	1,060,696	(1,060,696)
Total	₱14,165,893	(₱14,165,893)
As a percentage of the Fund's unrealized trading gains (losses)	88.85%	(88.85%)

The sensitivity of the equity is the effect of the assumed changes in the PSEi on the trading gains (losses) for one year, based on the beta rate of equity securities at each reporting date. The sensitivity of market trading gains (losses) are calculated by revaluing the market rate using the beta rate of the equity securities at the reporting dates for the effects of the assumed changes in PSEi.

The Fund measures the sensitivity of its investments in UITF through the fluctuations in NAV per share.

The following tables set forth the impact of the reasonably possible change in NAV per share of the Fund's investments in UITF:

	Changes in price quotation (in basis points)			
	+ 100	- 100	+ 50	- 50
Change in equity				
2017	₱828,483	(₱828,483)	₱414,241	(₱414,241)
2016	814,007	(814,007)	407,003	(407,003)

5. Fair Value of Financial Assets and Liabilities

As of December 31, 2017 and 2016, all of the financial assets and liabilities of the Fund have carrying amounts which approximate their fair values.

The methods and assumptions used by the Fund in estimating the fair value of financial instruments are:

Cash in bank and receivables - Carrying amounts approximate their fair values due to the relatively short-term maturities of these instruments.

Financial assets at FVPL - The fair values are based on closing prices published by the PSE for quoted equity securities and the published NAV per share for investments in UITF.

Accounts payable and accrued expenses - Accruals of professional and management fees and other liabilities approximate fair values due to their short-term nature.

The following tables summarize the fair values of financial assets, analyzed based on the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

The total number of stockholders of the Fund is 5,516 and 5,526 as of December 31, 2017 and 2016, respectively.

Capital Management

The primary objective of the Fund's capital management is to ensure that its funds are invested in outlets that deliver superior returns with a relatively low degree of volatility and high level of capital preservation in order to have a more responsive NAV per share and to improve its share price in the stock exchange.

The Fund manages its capital structure and makes adjustments to it in light of changes in economic conditions. To maintain or adjust the capital structure, the Fund may adjust the dividend payment to shareholders or issue new shares. No changes were made in the objectives, policies or processes in 2017 and 2016.

The Fund considers its total equity as reported in the statements of financial position as capital.

Minimum Paid-in Capital Requirement

Section 13 of the Revised Investment Company Act requires every registered investment company to maintain a paid-in capital, which shall remain unimpaired at all times, of no less than ₱50.00 million.

As of December 31, 2017 and 2016, the Fund is compliant with the above externally-imposed capital requirement.

12. Basic and Diluted Earnings (Losses) Per Share

Basic and diluted earnings (losses) per share amounts were computed as follows:

	2017	2016	2015
Net income (loss)	₱22,556,827	(₱5,510,086)	(₱14,582,605)

This account consists of expenses incurred for legal, accounting and stock transfer services provided to the Fund amounting to ₱1.12 million, ₱0.93 million and ₱0.83 million in 2017, 2016 and 2015, respectively.

15. Miscellaneous Expenses

This account consists of trainings and seminars, bank charges, transportation and travel, penalties and other administrative expenses of the Fund amounting to ₱0.07 million, ₱0.05 million and ₱0.04 million in 2017, 2016 and 2015 respectively.

16. Maturity Analysis of Assets and Liabilities

All assets and liabilities of the Fund are due to be realized and settled within one year from the reporting date.

17. Provision for Income Tax

Provision for income tax pertains to the 20.00% final withholding tax on gross interest income from cash in bank.

The provision for income tax consists of final tax amounting to ₱6,754, ₱3,126 and ₱4,400 in 2017, 2016 and 2015 respectively.

Current tax regulations provide that the RCIT rate is 30.00% while interest expense allowed as a deductible expense is 33.00% of interest income subject to final tax.

The regulations also provide for an MCIT of 2.00% of modified gross income and NOLCO. The MCIT and NOLCO may be applied against the Fund's income tax liability and taxable income, respectively, over a three-year period from the year of inception. The Fund's MCIT in 2014 amounting to ₱1,781 expired in 2017.

Details of the Fund's NOLCO, which is available for offset against future taxable income, follow:

Inception Year	Amount	Expired	Balance	Expiry Year
2014	₱5,991,472	(₱5,991,472)	₱—	2017
2015	4,573,671	—	4,573,671	2018

Tax-paid income	(3,377)	(1,563)	(2,200)
	₱6,754	₱3,126	₱4,400

Republic Act (RA) No.10963 or the Tax Reform for Acceleration and Inclusion Act (TRAIN) was signed into law on December 19, 2017 and took effect January 1, 2018, making the new tax law enacted as of the reporting date. Although the TRAIN changes existing tax law and includes several provisions that will generally affect businesses on a prospective basis, the management assessed that the same will not have any significant impact on the financial statement balances as of the reporting date.

18. Investment Management Agreement

As described in Note 1, the Fund's investment manager is VII up to the end of June 2017. Effective July 2017, the Fund's investment manager is ABCIC. The Fund pays management fee, on a quarterly basis, equivalent to 1.00% per annum of the average net asset value of the Fund at the beginning and end of the quarter period.

In 2017, 2016 and 2015, the Fund recognized management fees amounting to ₱2.29 million, ₱2.32 million and ₱2.35 million, respectively.

Management fees payable (included in 'Accounts payable and accrued expenses') amounted to ₱1.00 million and ₱0.42 million as of December 31, 2017 and 2016, respectively.

19. Related Party Transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions or the parties are subject to common control or common significant influence, referred to as affiliates. Related parties may be individuals or corporate entities.

Key management personnel are those persons having the authority and responsibility for planning, directing and controlling the activities of the Fund, directly or indirectly. The Fund considers directors to constitute key management personnel.

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY SCHEDULES

The Stockholders and the Board of Directors
Filipino Fund, Inc.
Unit 1009-1011, Tower One & Exchange Plaza
Ayala Triangle, Ayala Avenue
Makati City

We have audited in accordance with Philippine Standards on Auditing, the financial statements of Filipino Fund, Inc. (the Fund) as at December 31, 2017 and 2016 and for each of the three years in the period ended December 31, 2017 and have issued our report thereon dated March 26, 2018. Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedules listed in the Index to the Financial Statements and Supplementary Schedules are the responsibility of the Fund's management. These schedules are presented for purposes of complying with Securities Regulation Code Rule 68, As Amended (2011), and are not part of the basic financial statements. These schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, fairly state, in all material respects, the financial information required to be set forth therein in relation to the basic financial statements taken as a whole.
